	AS3A - Ferryhill	AS3B - Mannofield	AS3C - West End	TOTAL
Careless Driving	2	1	0	3
No Insurance	1	0	2	3

Summary

During the reporting period there were 8 reports of theft by housebreaking, 2 in the Ferryhill area, 3 reports in the Mannofield area and 3 in the West End respectively as has previously been the case those in the Mannofield and West End areas continue to be a mix of houses and their garages we believe by individuals looking to steal push bikes.

We would ask that anyone seen hanging around the rear of properties and in common lanes in suspicious circumstances is reported to us, as the vandalisms in the Ferryhill and Mannofield areas relate to damage to garages. The reported vandalisms in the West end are in relation to damage to parked vehicles.

In both cases of thefts from vehicles they were insecure and the culprits stole small amounts of loose change and personal items. The 1 vehicle stolen was unfortunately left unattended with the engine running.

The two incidents reported in relation to drugs in the Mannofield and Westend areas are following landlords discovering drugs in their rented premises.

The antisocial behaviour in all areas is a mix of general alcohol fuelled bad behaviour late in the evenings by persons walking home from the City centre and some minor youth annoyances predominantly youths throwing snowballs and persons ringing and knocking on doors.

Road safety/Road crime

As the majority of Road traffic collisions are not reported to the Police, this has been replaced by those reported to the PF for careless driving. These figures show only those reported to the PF in both instances, this requires a culpability at the higher end of the scale as at the lower end these are dealt with by means of conditional offer.

Our team is committed to keeping the community safe, preventing and detecting crime. If you think something just isn't right, trust your judgement and give us a call right away, either as an emergency on 999 or to the Service Centre on 101. Quick and effective reporting allows our team to react accordingly and maximise the opportunity to apprehend offenders.

Can you help us?

The importance of the relationship between you the Community Council and us your CPT in preventing crime cannot be underestimated, you are an integral part of our community and as such have access to information and opinions not open or readily accessible to us.

Whilst we rely on trends, analysis and sometimes a good old fashioned Police Officers feeling about something, in many instances it is often the local householder who notices something out of the ordinary first.

Over recent years we have delivered figures to the meetings and whilst figures in context can be important to enable an informed view, We would like to have some of the time we spend with you being where you can fulfil that most important of Community Council roles, feeding back to us about local concerns and issues. This will assist us greatly in being able to take **local action** on behalf of **local people**.

Addressing Local Concerns

Over the next month in response to local concerns we plan to conduct speed enforcement In the Springhill Road / Countesswells Road / Queens Road / Craigton Road / Great Western road

areas.

National Campaigns

We all think we are too savvy to be taken in by fraudsters, that's why they choose to prey on the elderly and other vulnerable groups. Please take a moment to have a look and pass the message on to anyone you think could be at risk.

Follow us on Twitter @NorthEPolice #WestEndCPT

Also available are the three following contact email addresses for the West End:

AiryhallBroomhillGarthdeeCPT@Scotland.pnn.police.uk

HazleheadAshleyQueensCrossCPT@Scotland.pnn.police.uk

TorryFerryhillCPT@scotland.pnn.police.uk

The primary purpose of these e-mail addresses is for residents to report non-criminal queries, such as passing attentions, information, advice and non-criminal quality of life issues, such as youth annoyance. **These e-mail addresses are not for reporting crimes or offences.** The process for reporting any crimes or offences is to call 101 who will log the call on our Command and Control system and allocate the incident to our area. Using this process negates the possibility of the report being missed and also ensures that the callers detail, addresses and telephone numbers are noted for our awareness and response.

Should you have any concerns or questions, please do not hesitate to discuss these with the Officer attending your Community Council Meeting or by emailing the above e-mail addresses or our Service Centre. It is not necessary to wait until the meeting and Inspector Cowie welcomes your contact.

Please make sure your voice is heard and visit the Police Scotland website and click on 'Your View Counts' to complete the online survey.
