Careless Driving	0	0	0	0
No Insurance	1	0	0	1

Summary

During the reporting period there were no reports of theft by housebreaking, there have however been 4 break-ins and thefts from garages and sheds in Mannofield and West End. We believe these continue to be by individuals looking to steal push bikes. In all the above instances either cycles or power tools were taken, whilst it would seem overkill we would remind people to chain their cycles up when in a locked garage, particularly if they are on view from a garage window.

We would ask that anyone seen hanging around the rear of properties and in common lanes in suspicious circumstances is reported to us.

The vandalism in the Ferryhill area relate to damage to parked vehicles in the Palmerston / Raik Road areas. All the thefts from vehicles were where they had been left unlocked with valuables on display the culprits stole small amounts of loose change and personal items, as keyless entry becomes far more common in vehicles we would ask you to check the door is locked when you leave the vehicle.

The 1 vehicle stolen was a motor cycle whose security chain was cut, when considering anti-theft locks and chains for your cycles and motor cycles we would hope you consider the cost of the item being secured and reflect that in the cost of the anti-theft measure, securing a £3000 cycle with a £15 lock is a false economy.

The antisocial behaviour in all areas is a mix of general alcohol fuelled bad behaviour late in the evenings by persons walking home from the City centre

Our team is committed to keeping the community safe, preventing and detecting crime. If you think something just isn't right, trust your judgement and give us a call right away, either as an emergency on 999 or to the Service Centre on 101. Quick and effective reporting allows our team to react accordingly and maximise the opportunity to apprehend offenders.

Can you help us?

The importance of the relationship between you the Community Council and us your CPT in preventing crime cannot be underestimated, you are an integral part of our community and as such have access to information and opinions not open or readily accessible to us.

Whilst we rely on trends, analysis and sometimes a good old fashioned Police Officers feeling about something, in many instances it is often the local householder who notices something out of the ordinary first.

This will assist us greatly in being able to take **local action** on behalf of **local people**.

We would like to take this opportunity to express our thanks for the overwhelming support our feedback plans have received. We will feed back to the individual Community Councils on the specific points they have raised.

Addressing Local Concerns

Over the next month in response to local concerns we plan to conduct speed and safety checks around our local Primary Schools to ensure drivers are doing all they can to keep OUR children safe.

National Campaigns

We all think we are too savvy to be taken in by fraudsters, that's why they choose to pray on the elderly and other vulnerable groups. Please take a moment to have a look and pass the message on to anyone you think could be at risk.

Follow us on Twitter @NorthEPolice #WestEndCPT

Also available are the three following contact email addresses for the West End:

AiryhallBroomhillGarthdeeCPT@Scotland.pnn.police.uk

HazleheadAshleyQueensCrossCPT@Scotland.pnn.police.uk

TorryFerryhillCPT@scotland.pnn.police.uk

The primary purpose of these e-mail addresses is for residents to report non-criminal queries, such as passing attentions, information, advice and non-criminal quality of life issues, such as youth annoyance. **These e-mail addresses are not for reporting crimes or offences.** The process for reporting any crimes or offences is to call 101 who will log the call on our Command and Control system and allocate the incident to our area. Using this process negates the possibility of the report being missed and also ensures that the callers detail, addresses and telephone numbers are noted for our awareness and response.

Should you have any concerns or questions, please do not hesitate to discuss these with the Officer attending your Community Council Meeting or by emailing the above e-mail addresses or our Service Centre. It is not necessary to wait until the meeting and Inspector Cowie welcomes your contact.

Please make sure your voice is heard and visit the Police Scotland website and click on 'Your View Counts' to complete the online survey.
